INTERNSHIP

Technical Fault Operator
BSES Rajdhani Pvt Ltd

05/2018 - 06/2018   *Delhi, India*
BSES Rajdhani Power Ltd is a power distribution company operating in the Delhi region, India. It is a joint venture between Reliance Infrastructure Limited and the Government of the National Capital Territory of Delhi.

Awarded with A+ Grade summer intern trainee

○ As a Fault Operator at BSES Rajdhani Power Ltd, I played a crucial role in ensuring the reliable and uninterrupted supply of electricity to customers in the South Delhi regions. My responsibilities included:

○ Monitoring and promptly responding to faults and disruptions in the power distribution network.

○ Coordinating with field technicians, engineers, and other stakeholders to expedite fault resolution.

○ Through my role as a Fault Operator, I developed strong problem-solving skills, attention to detail, and the ability to work effectively in high-pressure situations. I consistently maintained a proactive approach to fault resolution, contributing to improved service reliability and customer satisfaction.
